The documents are stored in https://github.com/MarbilleJuntado/Scholarship-Management-System

File Name: "Use Case 1.2 – View Scholarship Status.pdf"

File reference: https://github.com/MarbilleJuntado/Scholarship-Management-System/blob/master/02-Requirements-Engineering/Use%20Case%201.2%20-%20View%20Scholarship%20Status.pdf

Document Purpose:

The purpose of this document is to specify the use case (i.e. View Scholarship Status) of the project and to identify the performer of the action, the purpose of the use case, and show the actor's interactions and exchanges of information.

Target Audience:

This is intended for the OVPAA, specifically Dr. Rhodora Azanza, and Dr. Jaime Caro.

Revision Control

History Revision:

Revision Date	Person Responsible	Version Number	Modification
09/08/15	Juntado, Marbille Regarde, Patricia Ann	1.0	Initial Document

*Use-Case Name*:   1.2 View Scholarship Status

Description: The student submits his application for a scholarship. Once screened by the selection committee, he may qualify for a scholarship. Over the course of his program, he may view the status of his scholarship after the committee has reviewed his recent reports.

Preconditions: The application to be submitted by the student must follow a strict format and contains all requirements specified by the OVPAA

Flow of Events:

Scenario Name	Description
Scenario 1 (Basic Flow) The student applied for a scholarship.	1. The student checks the status of his application for a scholarship program. 2. If he has qualified for one, he may check the web application for the status of his scholarship (i.e. ongoing or completed). 3. He may also view any changes or updates to his scholarship.

Activity Diagram of the Flow of Events:

Postcondition: NONE

Relationships: NONE

Special Requirements: Specified by the OVPAA and the particular scholarship program.
